

10,000 WOMEN SELL FLOWERS TO AID LONDON SICK

Many Titled Society Leaders in
Street Throng Work to
Honor the Queen Mother.

LONDON, June 26.—Ten thousand women, including many prominent society women and several duchesses, all of them dressed in white and wearing white hats trimmed with garlands of wild roses, sold flowers on the streets of London today, which was called Alexandra Day in honor of the Queen Mother. The proceeds are to be given to the metropolitan hospitals and convalescent homes in the name of Queen Alexandra, who originated the idea.

Ten million artificial wild roses were made for the occasion by blind and crippled workers. A buttonhole of wild roses cost two cents, while a bunch was sold for 25 cents. For use on horses there were roses, while for motor cars garland had been provided.

There was much rivalry among the women for the favorable locations, as prizes were offered for the best sales.

MAYOR IN SQUABBLE WITH TAXPAYER AT PIE HEARING.

Gaynor Tries to Squelch Cappel's
Protest With Gavel; Threatening
to Have Him Put Out.

A public hearing to discuss the plan to move West Washington Market to allow the building of a new market, today, P. P. Cappel, representing the West Side Tax Payers' Association, opposed the plan on the ground that it would cost the city \$200,000. Dock Commissioner Tompkins explained it would cost but \$40,000. Mayor Gaynor, who presided, thought it subject had been discussed fully and is announced. At this juncture Cappel rose and began to reply to Commissioner Tompkins' statements. Mayor Gaynor pounded loudly with the gavel and commanded silence. The larger the Mayor raged, the louder Cappel talked.

"The Dock Commissioner can talk twenty times and I, a taxpayer, cannot talk twice," cried Cappel to the accompaniment of the gavel.

"If you won't come to order, I'll have you put out," roared the Mayor.

"You won't have to have me put out," Cappel and his friends.

Julian P. Heath, representing the "Ladies League," urged for more outside the New York City.

Mrs. S. S. S. also spoke on similar

AUTO GRAND PRIX WON BY BOILLLOT, WHO TAKES LEAD FROM NEW YORKER

Bruce-Brown, Who Set Pace
in First Half of Race, Is
Third Place Claimant.

DIJON, France, June 26.—Boillot, driving a French Peugeot machine, today won the automobile Grand Prix, completing the distance of 1,500 kilometres (about 936 miles 7 furlongs) in the elapsed time of 13 hours 28 minutes 13.4 seconds, at an average hourly speed of 119 kilometres (about 74 miles 1 1/2 furlongs).

Wagner, in a Fiat car, secured second place in 14 hours 11 minutes 5.4 seconds and Regal, driving an English Sunbeam machine, was third in 14 hours 28 minutes and 26 seconds.

The time of David Bruce-Brown of New York for the whole race was 14 hours 28 minutes 13.4 seconds. This places him third ahead of Regal but it is charged that he disqualified himself by taking in gasoline from a non-authorized station. This has not yet been decided.

Today's race took place in a continuous rain, which made the roads very bad. There were twenty-two starters, and for the first three laps there was a sensational struggle between Bruce-Brown, the leader in the first half of the race, and Boillot. At the end of the third lap Boillot shot by the grand stand only ten seconds behind Bruce-Brown, who afterward had motor trouble and lost his lead, being passed by several other competitors. The

VOTE TO STRIKE ON PENNSYLVANIA ALMOST UNANIMOUS

But Conference Is Arranged
and Big Tieup Will Prob-
ably Be Averted.

PHILADELPHIA, June 26.—The result of the ballot taken by employees of the Pennsylvania Railroad Company on its lines east of Pittsburgh and Erie on the question of a strike unless certain grievances are adjusted was laid before S. C. Long, general manager of the company, today by a committee representing the Brotherhood of Trainmen, Order of Railroad Conductors and Brotherhood of Firemen and Engineers.

While the result of the vote has not been made public, officials of the labor organizations said that the vote had been almost unanimous in favor of a strike. It is believed, however, that the differences will be settled at conference between the committee and Mr. Long.

The principal grievances are the wages to be paid brakemen in the Pittsburgh yards of the company and the employment of steam railroad men on the electric lines between New York and Newark.

After then became an exciting contest between Boillot and Louis Wagner. Bruce-Brown later again got his kilt and finished as stated.

During the race a spare wheel from Boillot's auto became detached and flew into the crowd along the course, seriously injuring a gendarme.

Doubt doesn't "dog the
footsteps" of the man who
wears a Young. Even if
instinct did not assure him
as to the style, the thou-
sands of well-dressed New
Yorkers who wear Young
straws would.
